

The Journal OF THE *House of Representatives*

Number 25

Tuesday, February 22, 2022

The House was called to order by the Speaker at 1:00 p.m.

Prayer

The following prayer was offered by Pastor Larry L. Roundtree II of New Mount Zion Missionary Baptist Church of Tampa, upon invitation of Rep. Driskell:

Father, we thank You for Your abundant mercy and Your prodigious grace. We stand in awe of Your majesty and are humbled by Your unconditional love and persistent compassion for us. In Your word You command us to pray for kings and those in authority over us that we might lead quiet and peaceable lives.

So, Father, I pray for each of these who serve and represent citizens of this state. Bless them with wisdom to serve appropriately, courage to lead boldly, and sensitivity to work compassionately. Bless and protect their families. Strengthen their bodies and stabilize their focus.

As this session convenes, I pray for peace and productivity. I pray that amiableness abolishes arguments, that cordiality consumes contention, that duty defeats division, that meekness masters meanness, that progress plows over partisanship, that respect resolves ridicule, truth triumphs over tension, and, most of all, that love leads the legislation.

Thank You for setting the supreme example of love through the sacrificial gift of Your son. So, God of our weary years, God of our silent tears, Thou who has brought us thus far on the way, Thou who has by Thy might led us into the light, keep us forever in the path, we pray. Amen.

Moment of Silence

At the request of Rep. Latvala, the House observed a moment of silence in memory of Betty Sembler of St. Petersburg. She passed away at age 90 on February 16, 2022. Mrs. Sembler worked tirelessly in the war on drugs, cofounding with her husband, former U.S. Ambassador Melvin Sembler, the Drug Free America Foundation, Inc. She was a member of the Florida Women's Hall of Fame.

B. PROCEDURES:

Time allocations apply to all bills listed in Section A and any bill substituted for or taken up in lieu of a listed bill. Amendment sponsors shall have 2 minutes to open and 2 minutes to close, except as outlined below.

Except for the bills listed in Section C, the House shall spend no more than the following times:

- For each bill:
 - Questions and answers - 10 minutes
 - Debate - 5 minutes
- For each amendment:
 - Questions and answers - 5 minutes
 - Debate - 10 minutes

For all bills, along with their associated amendments, the time for questions and answers includes both the question and the answer and shall be no more than the times listed. Neither the question nor the answer shall be protracted in an attempt to use up the time.

Once more than 10 non-bill sponsor amendments are filed, the allocation of time spent on each non-bill sponsor amendment shall be determined as follows:

- 90 minutes divided by the total number of non-sponsor amendments filed.
- The time allocated for each non-bill sponsor amendment shall be divided equally between the open, questions, debate, and close.
- Amendments withdrawn prior to consideration of the bill don't count toward the total.

For the bills listed in Section C, time spent on debate shall be allocated as specified, with the time equally divided. In addition to the allotted time, the sponsor will explain and close the bill, closing not to exceed 5 minutes. After opening, the debate managers identified below (or their designee) shall be alternately recognized until their time runs out. Time not utilized is lost.

- Debate managers may speak in debate and yield time to other Members to debate; no Member may be recognized for debate unless a debate manager yields time to that Member. Recognitions of debate managers must go through the Speaker. A Member may not be recognized more than once in debate on the bill or amendment.

REPRESENTATIVE LATVALA IN THE CHAIR

THE SPEAKER IN THE CHAIR

Representative Arrington offered the following:

(Amendment Bar Code: 982331)

Amendment 1 (with title amendment)—Remove lines 49-331 and insert: Section 1. Subsections (2), (3), and (4), and paragraph (d) of subsection (6) of section 1000.05, Florida Statutes, are amended to read:

1000.05 Discrimination against students and employees in the Florida K-20 public education system prohibited; equality of access required.—

(2)(a) Discrimination on the basis of race, color ethnicity, national origin, sex gender, disability, religion, or marital status against a student or an employee in the state system of public K-20 education is prohibited. No person in this state shall, on the basis of race, color ethnicity, national origin, sex gender, disability, religion, or marital status, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any public K-20 education program or activity, or in any employment conditions or practices, conducted by a public educational institution that receives or benefits from federal or state financial assistance.

(b) The criteria for admission to a program or course shall not have the effect of restricting access by persons of a particular race, color ethnicity, national origin, sex gender, disability, religion, or marital status.

(c) All public K-20 education classes shall be available to all students without regard to race, color ethnicity, national origin, sex gender, disability, religion, or marital status; however, this is not intended to eliminate the provision of programs designed to meet the needs of students with limited proficiency in English, gifted students, or students with disabilities or programs tailored to students with specialized talents or skills.

(d) Students may be separated by sex gender for a single-gender program as provided under s. 1002.311, for any portion of a class that deals with human reproduction, or during participation in bodily contact sports. For the purpose of this section, bodily contact sports include wrestling, boxing, rugby, ice hockey, football, basketball, and other sports in which the purpose or major activity involves bodily contact.

(e) Guidance services, counseling services, and financial assistance services in the state public K-20 education system shall be available to students equally. Guidance and counseling services, materials, and promotional events shall stress access to academic and career opportunities for students without regard to race, color ethnicity, national origin, sex gender, disability, religion, or marital status.

(3)(a) No person shall, on the basis of sex gender, be excluded from participating in, be denied the benefits of, or be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a public K-20 educational institution; and no public K-20 educational institution shall provide athletics separately on such basis.

(b) Notwithstanding the requirements of paragraph (a), a public K-20 educational institution may operate or sponsor separate teams for members of each sex gender if the selection for such teams is based upon competitive skill or the activity involved is a bodily contact sport. However, when a public K-20 educational institution operates or sponsors a team in a particular sport for members of one sex gender but does not operate or sponsor such a team for members of the other sex gender, and athletic opportunities for that sex gender have previously been limited, members of the excluded sex gender must be allowed to try out for the team offered.

(c) This subsection does not prohibit the grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex gender. However, when use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex gender, the educational institution shall use appropriate standards which do not have such effect.

(d) A public K-20 educational institution which operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes genders.

1. The Board of Governors shall determine whether equal opportunities are available at state universities.

2. The Commissioner of Education shall determine whether equal opportunities are available in school districts and Florida College System institutions. In determining whether equal opportunities are available in school districts and Florida College System institutions, the Commissioner of Education shall consider, among other factors:

a. Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes genders.

b. The provision of equipment and supplies.

- c. Scheduling of games and practice times.
- d. Travel and per diem allowances.
- e. Opportunities to receive coaching and academic tutoring.
- f. Assignment and compensation of coaches and tutors.
- g. Provision of locker room, practice, and competitive facilities.
- h. Provision of medical and training facilities and services.
- i. Provision of housing and dining facilities and services.
- j. Publicity.

Unequal aggregate expenditures for members of each ~~sex~~ gender or unequal expenditures for male and female teams if a public school or Florida College System institution operates or sponsors separate teams do not constitute nonimplementation of this subsection, but the Commissioner of Education shall consider the failure to provide necessary funds for teams for one ~~sex~~ gender in assessing equality of opportunity for members of each ~~sex~~ gender.

(e) A public school or Florida College System institution may provide separate toilet, locker room, and shower facilities on the basis of gender, but such facilities shall be comparable to such facilities provided for students of the other ~~sex~~ gender.

(4) Public schools and Florida College System institutions shall develop and implement methods and strategies to increase the participation of students of a particular race, ~~color~~ ethnicity, national origin, ~~sex~~ gender, disability, or marital status in programs and courses in which students of that particular race, ~~color~~ ethnicity, national origin, ~~sex~~ gender, disability, or marital status have been traditionally underrepresented, including, but not limited to, mathematics, science, computer technology, electronics, communications technology, engineering, and career education.

(6) The functions of the Office of Equal Educational Opportunity of the Department of Education shall include, but are not limited to:

(d) Conducting studies of the effectiveness of methods and strategies designed to increase the participation of students in programs and courses in which students of a particular race, ~~color~~ ethnicity, national origin, ~~sex~~ gender, disability, or marital status have been traditionally underrepresented and monitoring the success of students in such programs or courses, including performing followup monitoring.

Section 2. Subsection (3) of section 1003.42, Florida Statutes, is renumbered as subsection (4), paragraph (b) of subsection (1) and subsection (2) are amended, and a new subsection (3) is added to that section, to read:

1003.42 Required instruction.—

(1)

(b) All instructional materials, as defined in s. 1006.29(2), used to teach reproductive health or any disease, including HIV/AIDS, its symptoms, development, and treatment, as part of the courses referenced in subsection (4) ~~(3)~~, must be annually approved by a district school board in an open, noticed public meeting.

(2) Members of the instructional staff of the public schools, subject to the rules of the State Board of Education and the district school board, shall teach efficiently and faithfully, using the books and materials required that meet the highest standards for professionalism and historical accuracy, following the prescribed courses of study, and employing approved methods of instruction, the following:

(a) The history and content of the Declaration of Independence, including national sovereignty, natural law, self-evident truth, equality of all persons, limited government, popular sovereignty, and inalienable rights of life, liberty, and property, and how they form the philosophical foundation of our government.

(b) The history, meaning, significance, and effect of the provisions of the Constitution of the United States and amendments thereto, with emphasis on each of the 10 amendments that make up the Bill of Rights and how the constitution provides the structure of our government.

(c) The arguments in support of adopting our republican form of government, as they are embodied in the most important of the Federalist Papers.

(d) Flag education, including proper flag display and flag salute.

(e) The elements of civil government, including the primary functions of and interrelationships between the Federal Government, the state, and its counties, municipalities, school districts, and special districts.

(f) The history of the United States, including the period of discovery, early colonies, the War for Independence, the Civil War, the expansion of the United States to its present boundaries, the world wars, and the civil rights movement to the present. American history shall be viewed as factual, not as constructed, shall be viewed as knowable, teachable, and testable, and shall be defined as the creation of a new nation based largely on the universal principles stated in the Declaration of Independence.

(g)1. Amendment 2 (with title amendment)—Remove lines 64-527 and insert:

2. An individual, by virtue of their race, color, sex, or national origin, is inherently racist, sexist, or oppressive, whether consciously or unconsciously.

3. An individual's moral character or status as either privileged or oppressed is necessarily determined by their race, color, sex, or national origin.

4. Members of one race, color, sex, or national origin cannot and should not attempt to treat others without respect to race, color, sex, or national origin.

5. An individual, by virtue of their race, color, sex, or national origin, bears responsibility for, or should be discriminated against or receive adverse treatment because of, actions committed in the past by other members of the same race, color, sex, or national origin.

6. An individual, by virtue of their race, color, sex, or national origin, should be discriminated against or receive adverse treatment to achieve diversity, equity, or inclusion.

7. An individual, by virtue of their race, color, sex, or national origin, bears personal responsibility for and must feel guilt, anguish, or other forms of psychological distress because of actions, in which the individual played no part, committed in the past by other members of the same race, color, sex, or national origin.

8. Such virtues as merit, excellence, hard work, fairness, neutrality, objectivity, and racial colorblindness are racist or sexist, or were created by members of a particular race, color, sex, or national origin to oppress members of another race, color, sex, or national origin.

(b) Paragraph (a) may not be construed to prohibit discussion of the concepts listed therein as part of a course of training or instruction, provided such training or instruction is given in an objective manner without endorsement of the concepts.

Section 2. Subsections (4) through (8) of section 1000.05, Florida Statutes, are renumbered as subsections (5) through (9), respectively, subsections (2) and (3), present subsection (4), and paragraph (d) of present subsection (6) are amended, and a new subsection (4) is added to that section, to read:

1000.05 Discrimination against students and employees in the Florida K-20 public education system prohibited; equality of access required.—

(2)(a) Discrimination on the basis of race, ~~color~~ ethnicity, national origin, ~~sex~~ gender, ~~gender identity~~, ~~sexual identity~~, disability, religion, or marital status against a student or an employee in the state system of public K-20 education is prohibited. No person in this state shall, on the basis of race,

color ethnicity, national origin, sex, gender, gender identity, sexual identity, disability, religion, or marital status, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any public K-20 education program or activity, or in any employment conditions or practices, conducted by a public educational institution that receives or benefits from federal or state financial assistance.

(b) The criteria for admission to a program or course shall not have the effect of restricting access by persons of a particular race, color ethnicity, national origin, sex, gender, gender identity, sexual identity, disability, religion, or marital status.

(c) All public K-20 education classes shall be available to all students without regard to race, color ethnicity, national origin, sex, gender, gender identity, sexual identity, disability, religion, or marital status; however, this is not intended to eliminate the provision of programs designed to meet the needs of students with limited proficiency in English, gifted students, or students with disabilities or programs tailored to students with specialized talents or skills.

(d) Students may be separated by sex gender for a single-gender program as provided under s. 1002.311, for any portion of a class that deals with human reproduction, or during participation in bodily contact sports. For the purpose of this section, bodily contact sports include wrestling, boxing, rugby, ice hockey, football, basketball, and other sports in which the purpose or major activity involves bodily contact.

(e) Guidance services, counseling services, and financial assistance services in the state public K-20 education system shall be available to students equally. Guidance and counseling services, materials, and promotional events shall stress access to academic and career opportunities for students without regard to race, color ethnicity, national origin, sex, gender, gender identity, sexual identity, disability, religion, or marital status.

(3)(a) No person shall, on the basis of sex, gender, gender identity, sexual identity, be excluded from participating in, be denied the benefits of, or be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a public K-20 educational institution; and no public K-20 educational institution shall provide athletics separately on such basis.

(b) Notwithstanding the requirements of paragraph (a), a public K-20 educational institution may operate or sponsor separate teams for members of each sex gender if the selection for such teams is based upon competitive skill or the activity involved is a bodily contact sport. However, when a public K-20 educational institution operates or sponsors a team in a particular sport for members of one sex gender but does not operate or sponsor such a team for members of the other sex gender, and athletic opportunities for that sex gender have previously been limited, members of the excluded sex gender must be allowed to try out for the team offered.

(c) This subsection does not prohibit the grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to sex gender. However, when use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one sex gender, the educational institution shall use appropriate standards which do not have such effect.

(d) A public K-20 educational institution which operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of both sexes genders.

1. The Board of Governors shall determine whether equal opportunities are available at state universities.

2. The Commissioner of Education shall determine whether equal opportunities are available in school districts and Florida College System institutions. In determining whether equal opportunities are available in school districts and Florida College System institutions, the Commissioner of Education shall consider, among other factors:

a. Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of both sexes genders.

b. The provision of equipment and supplies.

c. Scheduling of games and practice times.

d. Travel and per diem allowances.

e. Opportunities to receive coaching and academic tutoring.

f. Assignment and compensation of coaches and tutors.

g. Provision of locker room, practice, and competitive facilities.

h. Provision of medical and training facilities and services.

i. Provision of housing and dining facilities and services.

j. Publicity.

Unequal aggregate expenditures for members of each sex gender or unequal expenditures for male and female teams if a public school or Florida College System institution operates or sponsors separate teams do not constitute nonimplementation of this subsection, but the Commissioner of Education shall consider the failure to provide necessary funds for teams for one sex gender in assessing equality of opportunity for members of each sex gender.

(e) A public school or Florida College System institution may provide separate toilet, locker room, and shower facilities on the basis of gender, but such facilities shall be comparable to such facilities provided for students of the other sex gender.

(4)(a) It shall constitute discrimination on the basis of race, color, national origin, or sex under this section to subject any student or employee to training or instruction that espouses, promotes, advances, inculcates, or compels such student or employee to believe any of the following concepts:

1. Members of one race, color, national origin, or sex are morally superior to members of another race, color, national origin, or sex.

2. A person, by virtue of their race, color, national origin, or sex is inherently racist, sexist, or oppressive, whether consciously or unconsciously.

3. A person's moral character or status as either privileged or oppressed is necessarily determined by their race, color, national origin, or sex.

4. Members of one race, color, national origin, or sex cannot and should not attempt to treat others without respect to race, color, national origin, or sex.

5. A person, by virtue of their race, color, national origin, or sex bears responsibility for, or should be discriminated against or receive adverse treatment because of, actions committed in the past by other members of the same race, color, national origin, or sex.

6. A person, by virtue of their race, color, national origin, or sex should be discriminated against or receive adverse treatment to achieve diversity, equity, or inclusion.

7. A person, by virtue of their race, color, sex, or national origin, bears personal responsibility for and must feel guilt, anguish, or other forms of psychological distress because of actions, in which the person played no part, committed in the past by other members of the same race, color, national origin, or sex.

8. Such virtues as merit, excellence, hard work, fairness, neutrality, objectivity, and racial colorblindness are racist or sexist, or were created by members of a particular race, color, national origin, or sex to oppress members of another race, color, national origin, or sex.

(b) Paragraph (a) may not be construed to prohibit discussion of the concepts listed therein as part of a larger course of training or instruction, provided such training or instruction is given in an objective manner without endorsement of the concepts.

(5)(4) Public schools and Florida College System institutions shall develop and implement methods and strategies to increase the participation of students of a particular race, color ethnicity, national origin, sex gender, disability, or marital status in programs and courses in which students of that particular race, color ethnicity, national origin, sex gender, disability, or marital status have been traditionally underrepresented, including, but not limited to, mathematics, science, computer technology, electronics, communications technology, engineering, and career education.

(7)(6) The functions of the Office of Equal Educational Opportunity of the Department of Education shall include, but are not limited to:

(d) Conducting studies of the effectiveness of methods and strategies designed to increase the participation of students in programs and courses in which students of a particular race, color ethnicity, national origin, sex, gender, gender identity, sexual identity, disability, or marital status have been traditionally underrepresented and monitoring the success of students in such programs or courses, including performing followup monitoring.

Explanation of Vote for Sequence Number 555

Representative Joseph offers this note regarding Amendment 558683 to CS/HB 7, which she inadvertently withdrew. Representative Joseph thought Amendment 728883 had been withdrawn, as communicated by Representative Jenne. When Amendment 728883 was called, Representative Joseph presented the substance of Amendment 558683, removing the following text at lines 95-97: "provided such training or instruction is given in an objective manner without endorsement of the concepts." Based on the substantive of Amendment 558683, the House then accidentally voted on Amendment 728883. By the time the mix-up of the two Amendments was noted, the wrong amendment (Bar Code 728883, which Representative Joseph intended to withdraw) was already voted on, and the correct Amendment (Bar Code 558683) was accidentally withdrawn. The purpose of Amendment 558683 was to address uncertainty by instructors on what would be considered "an objective manner" in light of concerns about a chilling effect and vagueness raised in Committee and the application of the First Amendment of the U.S. Constitution. Based on conversations with the Clerk, it was too late to correct it from the House Floor so this note of explanation is submitted to the Journal to correct and clarify the record.

(b) The criteria for admission to a program or course shall not have the effect of restricting access by persons of a particular race, ~~color ethnicity~~, national origin, gender, disability, religion, or marital status.

(c) All public K-20 education classes shall be available to all students without regard to race, ~~color ethnicity~~, national origin, gender, disability, religion, or marital status; however, this is not intended to eliminate the provision of programs designed to meet the needs of students with limited proficiency in English, gifted students, or students with disabilities or programs tailored to students with specialized talents or skills.

(d) Students may be separated by gender for a single-gender program as provided under s. 1002.311, for any portion of a class that deals with human reproduction, or during participation in bodily contact sports. For the purpose of this section, bodily contact sports include wrestling, boxing, rugby, ice hockey, football, basketball, and other sports in which the purpose or major activity involves bodily contact.

(e) Guidance services, counseling services, and financial assistance services in the state public K-20 education system shall be available to students equally. Guidance and counseling services, materials, and promotional events shall stress access to academic and career opportunities for students without regard to race, ~~color ethnicity~~, national origin, gender, disability, religion, or marital status.

(3)(a) No person shall, on the basis of gender, be excluded from participating in, be denied the benefits of, or be treated differently from another person or otherwise be discriminated against in any interscholastic, intercollegiate, club, or intramural athletics offered by a public K-20 educational institution; and no public K-20 educational institution shall provide athletics separately on such basis.

(b) Notwithstanding the requirements of paragraph (a), a public K-20 educational institution may operate or sponsor separate teams for members of each gender if the selection for such teams is based upon competitive skill or the activity involved is a bodily contact sport. However, when a public K-20 educational institution operates or sponsors a team in a particular sport for members of one gender but does not operate or sponsor such a team for members of the other gender, and athletic opportunities for that gender have previously been limited, members of the excluded gender must be allowed to try out for the team offered.

(c) This subsection does not prohibit the grouping of students in physical education classes and activities by ability as assessed by objective standards of individual performance developed and applied without regard to gender. However, when use of a single standard of measuring skill or progress in a physical education class has an adverse effect on members of one gender, the educational institution shall use appropriate standards which do not have such effect.

(d) A public K-20 educational institution which operates or sponsors interscholastic, intercollegiate, club, or intramural athletics shall provide equal athletic opportunity for members of ~~different both~~ genders.

1. The Board of Governors shall determine whether equal opportunities are available at state universities.

2. The Commissioner of Education shall determine whether equal opportunities are available in school districts and Florida College System institutions. In determining whether equal opportunities are available in school districts and Florida College System institutions, the Commissioner of Education shall consider, among other factors:

- a. Whether the selection of sports and levels of competition effectively accommodate the interests and abilities of members of ~~different both~~ genders.
- b. The provision of equipment and supplies.
- c. Scheduling of games and practice times.
- d. Travel and per diem allowances.
- e. Opportunities to receive coaching and academic tutoring.
- f. Assignment and compensation of coaches and tutors.
- g. Provision of locker room, practice, and competitive facilities.
- h. Provision of medical and training facilities and services.
- i. Provision of housing and dining facilities and services.
- j. Publicity.

Unequal aggregate expenditures for members of each gender or unequal expenditures for male and female teams if a public school or Florida College System institution operates or sponsors separate teams do not constitute nonimplementation of this subsection, but the Commissioner of Education shall consider the failure to provide necessary funds for teams for one gender in assessing equality of opportunity for members of each gender.

(e) A public school or Florida College System institution may provide separate toilet, locker room, and shower facilities on the basis of gender, but such facilities shall be comparable to such facilities provided for students of the other gender.

(4)(a) It shall constitute discrimination on the basis of race, color, national origin, or gender under this section to subject any student or employee to training or instruction that espouses, promotes, advances, inculcates, or compels such student or employee to believe any of the following concepts:

1. Members of one race, color, national origin, or gender are morally superior to members of another race, color, national origin, or gender.
2. A person, by virtue of his or her race, color, national origin, or gender is inherently racist, sexist, or oppressive, whether consciously or unconsciously.
3. A person's moral character or status as either privileged or oppressed is necessarily determined by his or her race, color, national origin, or gender.
4. Members of one race, color, national origin, or gender cannot and should not attempt to treat others without respect to race, color, national origin, or gender.
5. A person, by virtue of his or her race, color, national origin, or gender bears responsibility for, or should be discriminated against or receive adverse treatment because of, actions committed in the past by other members of the same race, color, national origin, or gender.
6. A person, by virtue of his or her race, color, national origin, or gender should be discriminated against or receive adverse treatment to achieve diversity, equity, or inclusion.
7. A person, by virtue of his or her race, color, gender, or national origin, bears personal responsibility for and must feel guilt, anguish, or other forms of psychological distress because of actions, in which the person played no part, committed in the past by other members of the same race, color, national origin, or gender.
8. Such virtues as merit, excellence, hard work, fairness, neutrality, objectivity, and racial colorblindness are racist or sexist, or were created by members of a particular race, color, national origin, or gender to oppress members of another race, color, national origin, or gender.

(b) Paragraph (a) may not be construed to prohibit discussion of the concepts listed therein as part of a larger course of training or instruction, provided such training or instruction is given in an objective manner without endorsement of the concepts.

(5)(4) Public schools and Florida College System institutions shall develop and implement methods and strategies to increase the participation of students of a particular race, ~~color ethnicity~~, national origin, gender, disability, or marital status in programs and courses in which students of that particular race, ~~color ethnicity~~, national origin, gender, disability, or marital status have been traditionally underrepresented, including, but not limited to,

HM 791—A memorial to the President and Congress of the United States, urging the President and Congress to condemn the People's Republic of China for its practice of forcibly removing human organs for transplant and to pass and adopt certain punitive legislation and measures against China for such violation of human rights.

WHEREAS, for nearly two decades, the communist regime of the People's Republic of China has been engaged in the vile practice of forcibly removing human organs for transplant, and

WHEREAS, on June 17, 2019, the Independent Tribunal Into Forced Organ Harvesting from Prisoners of Conscience in China released its final judgment containing the finding that China's communist regime has for decades practiced systematic forced organ removal from prisoners of conscience, including Falun Gong practitioners, Tibetan Buddhists, House Church Christians, and the Uyghurs, and

WHEREAS, China has welcomed an influx of transplant tourism whereby individuals who are critically in need of transplants pay thousands of dollars for one of the 60,000 to 90,000 transplant surgeries conducted each year, with the number of transplants far exceeding the number of voluntary organ donations in the country, and

WHEREAS, while a patient in the United States is typically placed on a waiting list for the transplant of an organ, which may not be available for months, Chinese hospitals are able to schedule transplants of major organs within 2 weeks, suggesting nefarious foreknowledge regarding the circumstances surrounding the donation of these organs, and

WHEREAS, in July 1999, the Chinese Communist Party launched an intensive, nationwide persecution of Falun Gong, a spiritual practice centered on the values of truthfulness, compassion, and tolerance, and

WHEREAS, in 2015, Freedom House, a nonprofit, nongovernmental organization, reported that Falun Gong practitioners are the primary victims of forced organ removal and face an elevated risk of dying or being killed while imprisoned, and

WHEREAS, on July 20, 2020, former Secretary of State Michael R. Pompeo denounced 21 years of persecution of Falun Gong practitioners by China's communist regime, and

WHEREAS, the United Nations Committee Against Torture and the Special Rapporteur on Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment have called on the Chinese government to account for the sources of organs used in its transplant practices, and

WHEREAS, several organizations have called for the imposition of sanctions on Chinese medical authorities for China's transplant practices, and

WHEREAS, the parliaments of Canada and the European Union, as well as the United States House of Representatives Committee on Foreign Affairs, have adopted resolutions condemning organ harvesting from prisoners of conscience, and

WHEREAS, it is imperative to join the international outcry against this major violation of human rights by the People's Republic of China, NOW, THEREFORE,

Be It Resolved by the Legislature of the State of Florida:

That the President and Congress of the United States are urged to condemn the People's Republic of China for its practice of forcibly removing human organs for transplant and to pass legislation and adopt measures that prohibit collaboration between United States medical and pharmaceutical companies and any Chinese counterparts linked with forced organ harvesting, that ban individuals who have participated in the unethical removal of human tissues and organs from entering the United States, and that provide for the prosecution of such individuals.

BE IT FURTHER RESOLVED that copies of this memorial be dispatched to the President of the United States, to the President of the United States Senate, to the Speaker of the United States House of Representatives, and to each member of the Florida delegation to the United States Congress.
